

Plants of the Pacific Northwest

Fact Sheet

- **Oregon Grape** is the state flower of Oregon. It has a cluster of yellow flowers that come out in the spring.
- There are two types of native **maple trees**.

-The **Big Leaf Maple** that stands over 50 ft. high at the top of the tree canopy.

- The **Vine Maple** that is an understory plant with 9 points on its leaves.

- **Indian Plum** is the first plant to bloom in the spring. It is an understory plant with small white flowers.
- **Douglas Fir**, the state tree of Oregon, is the second tallest native tree. It has rough bark and produces cones.
- **Sword Fern** is a native lower story shrub plant. Flip over the leaf to check out the spores underneath.
